

# SAVE THE DATE

## OCT. 11 - NOV. 11

PGA ★★★  
NATIONAL DAY  
OF HOPE

***DID YOU KNOW*** that PGA HOPE will serve 7,500 Veterans in 2022 and 30,000 per year by 2026? Help us change the lives of Veterans across the U.S.

PGA HOPE (Helping Our Patriots Everywhere), a national PGA REACH (501-c-3) program, is on a mission to change the lives of Veterans through the game of golf to enhance their physical, mental, social, and emotional well-being.

With every drive, chip, and putt, Veterans across generations are using the game to build camaraderie and to apply golf to life's biggest challenges.

On average, it costs \$200 to graduate a Veteran through PGA HOPE, which includes eight weeks of instruction by a PGA Professional, all golf course and range access fees, adaptive equipment, and more. Most of all: the invaluable life skills our Veterans will experience through the game of golf.

***Together, with your support, we can impact the lives of our nation's heroes. Commit to giving with a purpose by donating to the PGA National Day of HOPE campaign (Oct. 11 - Nov. 11). BE THE DIFFERENCE.***

***PGA HOPE aspires to create a physically and emotionally healthier Veteran community by shaping lives, changing lives, and possibly saving lives through the game of golf.***
