

KPGA Foundation  
Assistance Application

Each year funds from the KPGA Foundation are granted to deserving programs across the state of Kentucky, which offer scholarships, provide clubs for kids, educate individuals about the game of golf, promote the development of golf for seniors, juniors and women and provide opportunities for golf instruction. The Assistance Application deadline is February 15, 2013. Each program that is granted funds is required to complete a Grant Report Form and return it along with any supporting materials (i.e. curriculum, applications, media coverage, photos, etc.). Failure to return a completed Grant Report Form by October 1, 2013 may result in the denial of all future requests for assistance, as well as, reporting the failure to the KPGA Membership.

Date: December 21, 2012

Program Name: Golf Stupid Simple Golfer Development Program Grades K-12

Contact Name: Ron Roberts

Title: PGA Professional (owner)

Mailing Address: 147 George Street

Somerset, KY 42503

---

Amount Requested: \$1,800.00

Date Funds Needed: April 1, 2013

I have enclosed a packet of information of some of the things I have done throughout 2012. I am planning on doing the same shows in 2013 as well as visiting different schools throughout the state. These funds will help pay my expenses. I do most of these events and meetings on my days off and I truly do appreciate the monetary help from the PGA section.

1) How will the funds be utilized?

These funds will help pay my expenses for booths at the shows as well as traveling from county to county talking with the school superintendents and athletic directors about the program. I travel on my day off to make this happen.

2) Please describe the nature and mission of the program.

My mission is to introduce golf into all the schools in the state of Kentucky. To educate the PE teachers on the fundamentals of the game so they can introduce golf into their curriculum and teach the students the correct fundamentals. (Golf team-college scholarships)

3) How is the program structured (i.e. classes, clinics, tournaments) and what is the length of the program?

Three programs; grades K-5, 6-8, and 9-12. This can be a 7 or 10 day program. This will depend on how much time the teacher has. The program will educate the students on all aspects of the game of golf.

4) Where is the program held?

The program is held at the school or at the golf course. It is up to the teachers.

5) How many participants does the program have or how many do you anticipate?

All the students in each school will be introduced to the game of golf. At this time I am up to 11 schools and am talking with two more. I have partnered with Operation Unite and expect to have this program in 36 counties in two to three years.

6) Describe the composition and background of participants (age, socio-economic background, gender, golf skill).

This program will involve all the students in the school from grades K-12. State law requires PE classes for 11 of 12 years. We promote possible college scholarships for the students that fall in love with the game. We also promote that golf is a game for life.

7) Please list two references we may contact about your application. Please include full name, address, phone number and relationship to the program.

8) Give a suggested date for a KPGA Foundation representative to visit the program:

In July, Operation Unite has a 3-day golf clinic and this would be an excellent program to attend. You will have to give me a call and we can plan a day and time.
