

## PGA REACH Kentucky Pro-Am | Presented by ISCO Industries

### Valhalla Golf Club | Monday, August 3, 2015

Through the framework of the greatest game ever played the Kentucky Golf Foundations seeks to impact Kentucky's youth, military and those of diversity. Our PGA REACH Kentucky initiatives help support not only community groups themselves but teach out participants that through golf they can help to strengthen their communities.

#### Our Focus

The programing created and supported by our PGA REACH Kentucky initiatives focuses on serving three key pillars.

#### Youth

Through our Youth Pillar, we seek to improve and advance opportunities for youth. By exposing kids early to the game of golf, we help plant a love of the game that has proven to provide great opportunities in the areas of education, health and wellness and character building centered on the sport of golf.

#### Military

Through our Military Pillar, we seek to improve the physical, mental, and social rehabilitation of our military heroes and their families through the game of golf. The lifetime game of golf has proven not only to be a recreation, but rehabilitation tool and allows our military to assimilate back into their community through the social interaction the game provides.

#### Diversity

Through our Diversity Pillar, we strive to create a culture to make golf make inclusive of people from all cultural and ethnic backgrounds and for individuals with disabilities. It is our quest to look through a lens of diversity and inclusion at all times and collaborate with those who champion diversity and inclusion.
