My name is Bailey Hubbard and I am currently a junior at Clay County High School and a member of the high school girls' golf team, located in Southeastern Kentucky. I have a 4.0 GPA while being enrolled in Advanced Placement classes and I am taking classes to earn dual credit towards college. I have taken the ACT, scoring a 27 and I am determined to score a 31 before graduating from high school. As you can see, I am able to juggle a strenuous class load while fulfilling my commitment to my golf career. My educational aspirations consist of acquiring a bachelor's degree in any biological or health science that would assist me in pursuing a career as a dentist. I am involved with several community service volunteer programs and I understand the significance of "giving back".

I began playing golf as a 5th grader on the high school golf team and qualified, as an individual, for the State Tournament as an 8th, 9th, 10th and 11th grader. This season I was the individual champion of the 9th Region and named Kentucky Miss Golf. I realize that I need to play in more than high school golf matches and tournaments to get the recognition that I want from Division 1 college coaches. I began playing in summer tours as a 10 year old, often playing in older age divisions for better competition and longer yardage. Through my performance records I believe I have demonstrated the potential that I have.

I have a goal of becoming a dentist, but on the other hand, my dream is to play golf at a Division 1 university and the ultimate dream of becoming a golf professional. I realize the time and commitment needed to accomplish this dream and with the help of the Gay Brewer, Jr. Grant I can continue the progress of acquiring the exposure that I need to earn a college golf scholarship. I am certain that if I don't compete at the highest level of competition that my dream of playing collegiate golf will not be realized.

Gay Brewer, Jr. Grant Fund:

Our family, like many others, has sacrificed time and money in order for Bailey to become the best that she can be. She loves the game of golf and although she has missed out on dances, birthday parties and other events I'm sure she would do it all over again. We are committed to ensuring that Bailey works hard in school and find opportunities that can help make her goals and dream a reality. She has been putting in the time needed for practice, working on her golf fitness program, taking lessons, and playing in state and local level tournaments that can be financially draining.

She has been blessed to be able to play golf and have the support of her immediate family and also her extended family. Without their support, both financially and their time, I know none of this would be possible for her. We have made the commitment and sacrifices together for her to be the best golfer that she can possibly become. Therefore, she needs this scholarship to help further her dream of playing golf without creating a financial burden. With the financial assistance provided by the Gay Brewer, Jr. Grant, Bailey will be able to play in more tournaments at the national and regional level to gain the exposure that she needs to earn a college golf scholarship. Thank you so much for your consideration.
