Allan Lockwood – Essay

I have a strong desire to play golf at a very high level. By working hard on and off the course, I truly believe I can achieve this goal. I love to play golf. I want to continue improving throughout high school, college, and hopefully the pro tour. When I play golf I'm there to have a good time, but also work hard to improve. One of my favorite quotes is from Jack Nicklas: "Pursue what you love, what you are passionate about." I want to keep pursuing golf and increase my chances of earning a college scholarship by playing in quality tournaments against other talented golfers.

Golf takes dedication and a real commitment. It also takes a great deal of finances. My parents have supported me all the years I have played golf. They have supplied me with equipment, balls, rides, tournaments and emotional support. If I could earn a grant from the Justin Thomas Fund to help pay for some future expenses, I feel it would relieve a little of their financial obligation and help me thank them for some of their sacrifices. I would use any funds received wisely in order to help further my game. This is why I feel I deserve to be awarded a Justin Thomas Fund grant. Thank you for providing this opportunity to aspiring golfers and for considering my application.
