

Gay Brewer Grant Application

PART I - APPLICANT INFORMATION

Full Name: Dexter Blake Evans

Address: P.O. Box 145

City: West Liberty State: Kentucky Zip: 41472

Date of Birth: March 24, 2000

High School: Morgan County High School

Currently, I am a high school: _____ Freshman ___Sophomore ___X Junior _____Senior

Parent Phone #: 606 477 5367

Applicant Email: dbevans@mrtc.com

Parent/Guardian's Email: dbevans@mrtc.com

Part II Applicant Essay

It is very hard for me to say I “deserve” to receive an award or anything for that matter. I have always been taught that great things are received through hard work whether it be earning a 3.9 GPA or sports awards. Therefore, I would be honored to receive the Gay Brewer, Jr. Grant in pursuit of my dream to become a collegiate golfer. If chosen, I would proudly represent Mr. Brewer’s family and legacy through my commitment to golf.

I guess you could say I was born to play golf. My love for the game started before I even realized it as a toddler. My birth announcement read “Daddy’s Caddy”. One of my favorite pictures is a framed memory of my dad and I on the local golf course. I was a 14 month old baby with plastic golf clubs proudly standing next to my dad on the course. That nine hole golf course has continued to be a memory maker for me as I couldn’t begin to estimate the amount of time and holes I have played on that course in the last 17 years. As I write this essay, I think how my time on that golf course has went from me following my dad’s every footstep, hitting and moving my ball to keep up with Dad to now consistently beating my dad every time we play. It is bittersweet for both my parents and myself as I continue to chase my dream of playing at the college level and beyond.

As a fifth grader the high school golf coach invited me to start practicing with the team. Although I wasn’t eligible to compete on the high school team, I welcomed the opportunity to practice and improve my game. At the beginning of my seventh grade year I was allowed to competitively join the team at Morgan County High School. My eighth grade year I missed going as to the KHSAA State Tournament as an individual by 2 strokes. Freshman year, the desire to reach state was achieved through many long hours of hard work and determination. I was honored to be the first male golfer from my school to reach the state tournament. However, I realized I just didn’t want to be at the state tournament playing, I wanted to be a top finisher. I started taking weekly golf lessons in Lexington, Kentucky. The two hour drive each way was long but worth every mile. I have improved and reaped the awards for my dedication.

As a member of the KYJR PGA tour I have had the opportunity to play courses all over the state. During the summer of 2015 I did not win an event. However, I started the 2016 Tour Season winning my first event and continued to win events. I was humbled and honored to be named the 2016 KYJR PGA Player of the Year at the end of the tour season. As the summer tour wrapped up, I began my sophomore

golf season at my high school. I had a very successful golf season as I shot my personal best of 71, played in both the All A State Tournament, and the KHSAA State tournament making the cut to play in day two of the state tournament. The summer of 2017 was very successful for me. I played in twelve KYJR PGA events winning five and runner-up in one. I was once again honored to be named the 2017 KYJR PGA Player of the Year. I also played in 2 AJGA events. My high school season began with me shooting my personal best of 68 to win the Ashland Tee Cat Invitational at Bellefonte Country Club. I participated in both the All A State Tournament and KHSAA State Tournament as the Individual Qualifier for my region. I finished the KHSAA State Tournament 30th out of 144 high school golfers. I was named Second Team All-State, Regional Player of the Year and Ashland Daily Independent All Area Player of the Year. My golf season ended with me being honored to play in my second JB Holmes Cup representing Team Kentucky.

I truly realize the importance of the KYJR PGA experience and want to continue to be a participant in future years. I also realize the importance in playing in national tournaments. I was able to play in two AJGA tournaments last summer and plan to add to that number this upcoming summer. Participating in these tours will increase my exposure with college coaches. I have truly come to realize the financial support it takes to play golf at this level. My parents have careers that support not just me but also my sister in our extracurricular activities. I know my parents have made sacrifices that have allowed me to pursue my passion for this sport that includes tournaments and travel cost. I would love to show my appreciation for their support and love. If I were to receive the Gay Brewer, Jr. Grant, my parents and I would forever be appreciative of this support that could truly be a game changer for my future. The desire and passion to succeed is within me, having this addition financial support would be an unmeasurable support to increasing my exposure with college coaches.

In closing if I must say "Why I deserve a grant" my answer would be coming from a small town I work hard and take advantage of every opportunity to better myself not only as a player but an individual. I have made consistent improvements each year to become a respected competitor. If awarded this grant, rest assure I will use it to improve my game each time I step on the course. My goal at the end of this summer is to be offered a college scholarship putting me one step closer to my dream. I sincerely thank

you for the opportunity to share my golf story and for the support you are showing young golfers around the state. I hope to one day myself be able to help support another person's dream. Thank you.

Part III Performance Record

2017 KY Junior PGA Tour:

Griffin Gate Spring Stableford--1st Place
Weissinger Hills Junior Tour Spring Stableford Combo – 1st Place
Quail Chase Spring Stableford #3-- 2nd Place
Eagle Trace Junior PGA – 1st Place

2015 High School Golf:

Qualified in Regional Golf Tournament for KHSAA State Tournament as an Individual with a score of 78

Participated in the KHSAA State Tournament and finished with a round of 80 and missed the cut.

Part IV Parent Narrative

Our son would be honored to be a Gay Brewer Grant recipient. Blake's determination, work ethic, and positive attitude have brought him much success. As a junior, he has maintained a 3.9 GPA on a college curriculum while competing in two varsity sports-golf and basketball. Blake has been successful in both sports. Blake is the only male to represent his school at the KHSAA Golf State Tournament. He is also a member of the boys basketball team in which he recently scored is 1000 career point. Blake has had much success in both sports, however his passion is golf. Blake's desire is to become a collegiate golfer. We know Blake realizes the hours of practice and work it takes to succeed at this level and we are confident he will succeed not only academically but also as a student athlete.

Blake has started his fourth year on the KYJR PGA. Although the talent was there, his first year he had several disappointing rounds. At the completion of the year, Blake made the decision and approached us about taking professional lessons during the off season. We started and continue today the weekly trip to Lexington, KY to provide him this opportunity to improve his game. We feel he takes complete advantage of his time during his lesson as he is focused and continues to improve each time he steps on the course. Years two and three on the KYJR PGA tour were a success ending with Blake being named the 2016 and 2017 Player of the Year. He has started off equally successful his final year with KYJR PGA placing second in KYJR PGA 4 Ball Championship at Audubon County Club in Louisville. We are so appreciative of the KYJR PGA and the experiences it has given Blake. However, over the last couple of years we have found we need to give Blake more opportunities to showcase his skills on a national level. Last year he competed in the AJGA tour playing in two events in Kentucky. We would like to continue to offer him opportunities to play in larger tournaments against more competitors.

Anyone associated with golf knows the expense one can incur with equipment, clothing, entry fees, and travel expenses. We are both full-time professionals, however with two children in competitive sports the expenses quickly escalate in pursuit of dreams. If Blake were to receive this generous grant, it would provide him with more opportunities than we are financially unable to provide at this time. The cost to play on tour requires many overnight accommodations and extra practice rounds in addition to

tournament entry fees. This is financially difficult for any family. We know Blake's desire is to play at the collegiate level. The importance of state and national exposure from playing on these tours is key to his success. As parents, we want to give Blake every advantage and opportunity. Working full-time, it is still hard to meet the demands on our incomes. Blake has always been our model son. There is no greater experience than having the privilege to raise Blake. Watching him grow from a little boy following his dad's every footstep to a professional young man is truly our reward. Rest assured, Blake will continue to work hard and improve his golf game. It would be both an honor and blessing to receive this grant. He would be proud and humbled to honor your commitment to golf. We just ask you to consider Blake for this generous gift so that he can be given every opportunity to reach his dreams.

Thank you for your time.

Brian and Jenny Evans

Tentative Schedule Summer 2018

April 21-22	KYJR PGA Junior 4 Ball Championship Audubon Country Club	
April 28-29	KYJR PGA Match Play Old Bridge Country Club	
May 12	KYJR PGA Bellefonte Country Club
