**Application Essay:**

Hannah Curreri  
April 22, 2018

Waking up at 5 a.m., packing up my needs for the day, getting in the car still wearing my pajamas, and gaining extra hours of sleep on the road to tournaments with my mom are few of the many experiences I go through countless times during golf season. As always, I couldn't imagine spending my summer days any other way than sacrificing other activities for playing the sport I love. But due to excessive costs of lessons, traveling, boarding, and tournament fees, it gets pretty tough for me to participate in distant events.

After thoroughly reading the paperwork attached to the Gay Brewer, Jr. Fund 2018 Grant Application, I feel as though I am a very reasonable candidate for the grant due to multiple reasons. Mr. Brewer's biography described how much of a diligent and incredible golfer he was; he is well decorated for the many events he attended and won, and for becoming a part of the Kentucky Golf Hall of Fame. I dedicate so much of my time yearly to bettering my game with my swing coach, strengthening myself with my personal trainer, and participating in tournaments all around the state. I aspire to win the State tournament and be named Ms. Golf by the end of my high school career.

I have been participating in summer tournaments since 2013, and every year since then I have expanded in the tours and amount of tournaments I attend. I am so blessed to know that my mom and my grandparents sacrifice so much to make sure that I arrive to different events with enough time to warm up and prepare to perform my best. My main goal these next two seasons of high school golf are to continue to work toward polishing my game so I can play at the collegiate level at a college that fits my skills and needs educationally and athletically.

Thanks to the generosity of Mr. Brewer's family and friends, golfers like me have the ability to use this generous fund to be able to afford and participate in events without the worry of a problem financially. If I receive this grant, it would help me better propagate my name in not only Kentucky, but nationally, and to represent the legacy of this incredible golfer.

## **Hannah Curreri 2016-2017 Tournament Results:**

October 6th- STATE Bowling Green GC- 83

**Parent Narrative:**

My name is Laura Curreri, and I am the mother of Hannah. We sat down and discussed the topic of this particular application, and I feel that due to her hard work ethic and our current situation that she deserves to be awarded this grant. Hannah has always given 110% to anything she sets her mind to, and I have no shadow of a doubt that she will greatly represent the meaning of this grant. Hannah has been playing since 3rd grade and joined the high school team in 6th. She's worked hard to work her way up from one of the youngest and least experienced golfers on the team, to being the top golfer on the team since her freshman year. I'm so extremely proud of how far her determination has brought her. Mr. Brewer was a phenomenal man and golfer, and he seemed to have had the same ambitions as my daughter.

Recently I became a single mother, and without much of an income right now in our family, its going to be pretty tough to allow her to play in the tournaments she deserves. Her grandparents, my parents, have been a tremendous help this past season by helping her sign up for a lot of close tournaments, but it seems that the more tours she wants to try, the more expensive it gets. Her father is currently living in Florida, and Hannah wishes to do a tournament there this summer, but of course due to our financial needs, I honestly feel she wont be able to. Airfare, gas money, meal costs, and other factors add up quick in cost. I greatly appreciate that she has the opportunity to earn this grant and truly hope that you take her application under consideration.
