**2018 Grant Application Essay**  
**Natalie “Grace” Clark**

Every time I go out and play my mom says to me, “Just go out and play your best and have fun”. You have worked hard for this moment so show them how it’s done.” When I am going through my routine on the tee box or lining up a putt I keep this in mind. I remember the exact time that I started to play. I was in 6<sup>th</sup> grade and I was wanting to step out and try something new. So, I chose to try out for the dance team. I poured my heart out into the dances and the practices. When it came time to walk up and see who made it I was shocked when I did not see my name on the list. I went home crying, upset, and thinking that I must have not worked hard enough. My whole mindset changed when I put a club in my hand for the first time. A few weeks after trying out for the dance team, my mom took me to Walmart and bought me a cheap set of clubs. I went into my backyard and hit them for the first time. I remember the joy I felt that exact day. Looking back, not making the dance team was a blessing in disguise. From that point on I never looked back. This game has given me so many things. I have friendships that have started on a tee box, I have developed the mentality to never give up, and most importantly a passion and love for the game.

I learned early that there was no substitute for hard work and my parents have always demonstrated this for me. They both have worked very hard to get me what I need. They work full time and my Mom is starting a part-time job to help with the costs of the game. I go to the course daily to practice and I keep these things in mind. All the people who help me unconditionally and my hard work is why I am at the place I am today. I constantly work hard and dedicate myself to the game to achieve my goals. That’s why, every time, before I tee off and I hear the words “Grace, we are so proud of you” come from my parents it makes me appreciate them and the game even more.

My goal is to compete on the collegiate level. More specifically, I would like to receive a scholarship to play for a Division 1 school. This opportunity would help me head in the right direction of this goal. I appreciate this great opportunity to apply for the Gay Brewer, Jr. Fund. It would help me in so many ways. If I were to receive this grant I would use it for tournament fees, practice round fees, and traveling to play in competitive events. I want to compete in national tournaments and qualifiers so that I can display my name and skills to other areas. I deserve this grant because of my work ethic, perseverance, and my passion. I practice daily specifically on the parts of the game that I know I can improve on. When I shoot a bad score or don't play the way I hoped I would I write down the weaknesses of my game. The next day that I practice I set up drills or work with my swing coach so that I can strengthen that area. I also love to help younger golfers learn the game. It reminds me of how I got started and how I learned to love the game. I hope you will consider me to be a recipient. I will continue to work hard and pursue my passion for the game. As someone once said, "Do it all with passion and hard work, or not at all."

To Whom It May Concern:

I never dreamed that our family would know so much or be so much a part of the golf family. Our daughter, Grace Clark, has been playing golf since she was in 6<sup>th</sup> grade. I will never forget the first match she played as part of the PGA Junior League in Shelbyville, KY. She was so little and so excited. Bless her heart she couldn't even make contact with the ball. But, she walked away smiling and said, "I love this game and I want to be better." From that day forward, she has worked extremely hard to meet her goals. Grace works so hard and embodies each of the nine core values of golf: honesty, integrity, sportsmanship, respect, confidence, responsibility, perseverance, courtesy and judgement. She went from not being able to make contact with the ball in her first junior match to coming in 15<sup>th</sup> place in the KHSAA State Tournament as a freshman.

As anyone involved with golf knows, it is quite an expensive sport, especially if the goal and dream is to play competitive golf and play in college. Grace's dream is to acquire scholarship and play for a Division I college. We have been blessed thus far with wonderful programs like the PGA Junior League, Kentucky PGA Junior Tour, Youth on Course and her swing coach, Bryan Slone. They have all been affordable programs and have helped her get where she is now. As she continues this journey, we are going to need help financially. Her father and I both work full-time and I am about to start a part-time job to help pay for the costs of equipment, tournaments, travel, lessons, etc. We have even, at times, taken out loans to pay for golf needs. Because she is so dedicated, works so very hard and has the talent, we will do everything we can to help her achieve her dreams. The best part about Grace is she knows what she wants and is willing to work for it. I don't have to tell her she needs to practice, in fact, I often have to say, "Grace, it's time to go home". Plus, she loves to give back and often helps with junior programs in our area teaching younger ones the game and to help them get started like she did a few years ago.

This grant opportunity would tremendously help her achieve her goals and is much needed. We don't have other family members helping us pay for things or have extra means. We are simply a middle-class working family trying to help our daughter achieve her dreams. We are very thankful for the opportunity to apply for this grant and hope that you would highly consider Grace to be a recipient. You won't meet anyone that works harder and deserves it more.

Sincerely,

De'Anna Clark
